

# OER Info Sheet

## Type of material

Info sheet  
(teacher / student)

Material for "The Simpsons" episode "Lisa the Vegetarian"

## Description

The worksheets in this folder can help teachers to teach with the television series "The Simpsons". The folder consists of worksheets for pre-, while- and post viewing activities which can be adapted to foster the audiovisual competence and other competences, as described below.

## Main target group / level

Early upper secondary education  
B1 / B2

## Learning goals

The students should reflect on their current eating habits and understand how what they eat impacts them and the world around them. By doing so, the students foster their audiovisual competence and, depending on how the material is used, other EFL competences.

## Why is this topic important for TEFL?

Incorporating audiovisual media into the EFL classroom is important, as it aids students in learning effectively, is highly motivating and underlines the relevance of the subject for the everyday life of the students. Furthermore, teaching students about conscious eating and, by extension, sustainable living, is inevitable with regard to the challenges of the future.

## Main competence(s)

audiovisual competence  
media competence  
speaking

## License

Die Materialsammlung zur Simpsons  
Episode "Lisa the Vegetarian" von Patrick J.  
Jannsen ist lizenziert unter einer Creative  
Commons Namensnennung 4.0  
International Lizenz.

## Notes:

- It is recommended that the episode is viewed by purchasing and showing the 5th episode of the 7th season of the Simpsons. All episodes of The Simpsons are currently available on Disney + to view before using them for teaching.

## Learning contexts

### Expected prior knowledge

Knowledge about "The Simpsons"

Having experience with the analysis of shorter audiovisual media

### Possible contexts of use

### Materials / tools / resources

"The Simpsons" episode "Lisa the Vegetarian"

Worksheets with pre-, while- and post-viewing tasks
