

## WS 1: Freeze frames (*Twelfth Night*: Act 4 Scene 1)

**Task:** Portray the scene in up to two freeze frames.

Make use of the grid below to collect ideas for your freeze frame before you act them out. Use the big boxes for sketches of the design of your freeze frames (i.e. who will be placed where and with which gestures in the frame) and note down descriptions of the characters' emotions and thoughts in that scene in the bullet points.

- Feste: confused, amused; “This makes no sense but I still enjoy it.”
- Sebastian: confused, angry, threatened; “Why are these people attacking me?”
- Sir Andrew: angry, ashamed, shocked; “He is much stronger than I thought!”

- Olivia: worried, nervous, in love; “I hope he chooses to go with me in spite of these fools.”
- Sir Andrew: embarrassed, defeated; “I do not understand what she sees in him.”
- Sebastian: positively surprised, happy, confused; “Who is this beautiful woman?”
